

# FREDRICK MBAI

## COMPUTER TECHNOLOGIST

### CONTACT

+254112405075

fredydyfre97@gmail.com

github.com/Fredmbai

### SKILLS

Programming Languages:

- Python, JavaScript, HTML, CSS, Java,

Web Development:

- Django, React.js, Bootstrap

Mobile App Development:

- React Native

Databases:

- MySQL, SQLite

Tools & Technologies:

- Git & GitHub, VS Code

### REFERENCE

FESTUS MWANZIA

CIVIL ENGINEER

Phone: +2540703217071

### PROFILE

A passionate and self-motivated 3rd-year Computer Technology student specializing in web and mobile application development. Seeking a software engineering internship to contribute to real-world projects, learn from industry experts, and grow as a developer. Eager to apply problem-solving, teamwork, and programming skills in a dynamic and innovative environment like Microsoft.

### EDUCATION

#### HIGHSCHOOL

Kitondo High School, Makueni, Kenya

Completed: 2021

- Studied Computer Studies and other relevant subject
- Earned Certificate in Computer Packages

#### UNIVERSITY

Jomo Kenyatta University of Agriculture and Technology (JKUAT), Kiambu, Kenya

course: Bachelor of Science in Computer Technology

Expected Graduation: December 2026

Current Year: 3rd Year

Relevant Courses: Software Engineering, Web Development, Mobile App Development, Database Systems

#### CERTIFICATIONS & BADGES

- 20+ Microsoft Learn Badges (e.g., Azure Fundamentals, Web Dev, etc.)
- Huawei ICT Academy Certifications (e.g., Networking, Cloud)
- Certificate in Computer Packages (Kitondo High School)

### EXPERIENCE

Internal Attachment – JKUAT, jhub Africa

MAY 2024 – JULY 2024

- Collaborated with a group of 5 to develop Storify, a website designed to host blogs about JHub projects.
- Utilized front-end development tools and frameworks to enhance the site's usability and responsiveness.
- Participated in team discussions, brainstorming sessions, and debugging to ensure the project met internal deadlines.
- Gained practical experience with website development and team-based project management.

**Lawrence Nderu**  
JKUAT COMPUTING  
DEPARTMENT, JHUB /  
CHAIRMAN

## PROJECTS

---

1. Smart Elevator Simulation - Tkinter (Python) Built a realistic elevator simulation with animated elevator doors, smart request handling logic, and a stick figure person animation. Incorporated modern UI design and responsive controls.

Technologies: Python, Tkinter, OOP, Animation, Event-driven programming

2. Basketball League Website - Django

Developed a full-featured basketball league management site with dynamic news/blog posting, team dashboards, user profiles, and shop creation system.

Technologies: Django, HTML, CSS, JavaScript, SQLite, Bootstrap
